### E700 Series Now Standard with Smart Charger Diagnostics

**May 2011** – LightGuard is proud to announce that the Buy American compliant E700 Series die cast exit is now being released with our Smart Charger diagnostics platform as a standard feature. With a quality die cast aluminum housing and acrylic lens, the E700 Series is ideal for industrial applications where single face, wall mount or low-level floor proximity exit sign requirements exist. The following list highlights a few of the exceptional features now available:

- ◆ AC-only or self-powered models
- ◆ Completely self-contained, no recessed back box required
- ◆ Standard self diagnostics (self-powered models)
- ◆ Optional self-testing to satisfy monthly test requirements
- ◆ Nickel metal hydride battery
- ◆ Red or green LED illumination in excess of 79 cd/m<sup>2</sup> average
- ◆ Single face, surface wall mount configurations
- ◆ Optional Smart Charger IR remote test device

As more attention is paid to “Buy American” products, LightGuard is proud to keep a functional die cast exit offering available for you to meet the market needs. Combined with Smart Charger, not only can you meet the specification requirements against your competition, you can write specifications that the other products cannot meet. As always, should you have questions or concerns regarding this matter, do not hesitate to contact us or log onto [www.lightguard.com](http://www.lightguard.com) for more information. Thank you for your continued support!

*Remember to keep **LightGuard** in mind for all of your emergency lighting needs!*
