### **L3000T5 Designed Specifically for T5/T5 HO Lamps**

**June 2011** – LightGuard is pleased to announce the release of the L3000T5 emergency ballast. The L3000T5 series is designed specifically to operate a single 2'–4', 28 to 54 watt T5/T5 HO lamp. Maximum emergency lumen output is 2700 lumens. To further enhance your ability to meet demanding job requirements, we are also including an optional damp location option with the product.

Standard product features include:

- ✓ 24-gauge painted steel enclosure
- ✓ High-temp, sealed maintenance-free nickel cadmium battery
- ✓ 24-hour recharge
- ✓ Two feet of 3/8" flex for routing wiring into the luminaire
- ✓ Push-to-test switch and charge status indicator
- ✓ Optional damp location listing

Thank you for your continued support!

*Remember to keep **LightGuard** in mind for all of your emergency lighting needs!*
