LEX Series Replaces EXL Series

July 2011-

LightGuard is pleased to announce that the EXL series incandescent hazardous location edge-lit sign is now replaced by new LEX Series LED hazardous location edge-lit exit sign. In addition to the illumination improvements associated with this newer product family, we are pleased to add that we will be offering a self-powered model which was previously unavailable. The attributes associated with the new LEX Series include:

- ✓ AC-only and self-powered models
- ✓ Single and double face configurations
- ✓ Red or green legends
- ✓ Wall/pendant or end mount capabilities

The associated listings that reside with the LEX series include:

- ✓ Class I Division 1, Groups C & D
- ✓ Class I Division 2, Groups A, B, C & D
- ✓ Class II Division 1 & 2, Groups E, F & G
- ✓ Class III, Zone 1, Groups IIA, IIB
- ✓ Class I, Zone 2, Groups IIA, IIB + H₂ & IIC
- ✓ UL 1598/A Marine rated
- ✓ IP65 rated

We are eager and available to assist with any product specification conversions you may have for the EXL edge-lit. As always, should you have questions or concerns regarding this matter, do not hesitate to contact us directly and thank you for your continued support.

*Remember to keep **LightGuard** in mind for all of your emergency lighting needs!*
